LOGAN'S LUCK.

General John A. Logan Chosen United States Senator by the Illinois Joint Assembly.

The Democrats Attempt to Split the Ballot Through Charles B. Farwell, of Chicago.

Scenes of the Wildest Enthusiasm Attend the Vote and its Announcement.

LOGAN WINS.

The Swarthy Chieftan Chosen United States Senator.

By Telegraph to THE SENTINEL.

SPRINGFIELD, Ill., May 19.—In the joint session of the Illinois legislature John A. Logan was elected United States senator.

THE VOTE.

SPRINGFIELD, May 19.—In the joint session of the legislature there was a great jam in the house, both on the floor and in the galleries. Fifty-one senators were present and 153 representatives. When the vote was taken dead silence prevailed, and Denis refused to vote. The senators all voted for Logan giving him twenty-six votes. Rogers vote was received with cheers. When Sittig was called, in a long speech explaining his position, he voted for Logan under protest and the announcement was received with the wildest cheers. This gave the vote

103 FOR LOGAN

On the call of absentees the democrats voted solidly for Judge Lambert Tree. After the roll call, Baker, McNary, McAliney, Caldwell, Quinn and Crafts changed their votes to Charles B. Farwell. Barry, "dem." changed his vote to

JOHN A. LOGAN

and the wildest enthusiasm prevailed. This insures his election. The roll call was proceeded with after a time, the democrats attempting to elect Farwell, a republican, hoping to get some republican votes. Barry withdrew his vote from Logan, but stated he would not allow any other republican but Logan to be elected.

THE DEMOCRATIC SCHEME.

SPRINGFIELD, May 19.—The democrats are changing to Farwell and trying to drive all their men in, but all have not yet responded, and no republican has shown any inclination to leave Logan.

DECLARED ELECTED.

SPRINGFIELD, May 19.—2:30 p. m.—No republican support went to Farwell, and Speaker Haines finally announced the vote, declaring Logan elected.

The Fire Record.

By Telegraph to THE SENTINEL.

BAY CITY, Mich., May 18.—The Bay City people emphatically deny the report telegraphed in these dispatches Saturday night that that city refused to send help to Oscado during the fire. The engines, hose and men were ready and did not go because later telegrams countermanded the call for assistance.

CEDAR LAKE, Mich., May 18.—Fawcett's mill near here; with 400,000 feet of lumber, belonging to W. S. Nelson, was destroyed by fire. There was no insurance on the mill. Nelson's loss $110,000; insurance $2,500.

Boiler Explosion.

By Telegraph to THE SENTINEL.

MACON, Ga., May 18.—At the cotton mill of the Bibb manufacturing company the boiler exploded killing Frank Gibson, engineer, fracturing the skull of Wesly Johnson, who will die, and injuring three others. The damage to the machinery and engine house amounts to $10,000. One hundred and fifty persons are thrown out of employment.

A Bloody Fracas.

By Telegraph to THE SENTINEL.

JACKSONVILLE, Fla., May 18.—A special from Madison says that a bloody fight occurred at Hickory Grove church, nine miles from here, yesterday between the West brothers and Langford brothers in consequence of the publication during the last campaign, of some letters of a personal character. Wm. Langford was killed outright; George Langford fatally wounded, Taff Langford was wounded in the dead, Eugene West was shot, and Abe Johnson West cut but not seriously.

By Telegraph to THE SENTINEL.

BOSTON, Mass., May 19.—The American Bell Telephone company has issued an invitation to the companies operating under its licenses throughout the country to send one delegate to a conference to be held here on June the eighth, to continue to the thirteenth. During their stay they will be the guests of the American Bell Telephone company. The object is that the parent company may take counsel with and consult its licenses upon questions affecting the interests of the telephone business in general and upon the relations existing between the parent company and the subsidiary companies.

The Monon Robber.

By Telegraph to THE SENTINEL.

BLOOMINGTON, Ind., May 19.—The mayor yesterday afternoon fixed Chesley Chambers bond at $15,000. A report has reached town that Wm. Chambers, a brother of Chesley, was dying suddenly at his home near Harrodsburg. The symptoms were poison and the report gave rise to the theory that William was an accomplice of Chesley and had attempted suicide. The facts have not been obtained, owing to the distance from a telegraph point. Chesley late last night gave bond and hastened to see his brother.

LIVERPOOL, May 19.—Charles T. Russell, the new minister to Liverpool, has arrived.

PHELPS AND LOWELL.

LONDON, May 19.—Mr. Phelps and Mr. Lowell visited Windsor by special train to-day. Mr. Lowell presented his letter of recall and introduced his successor to the queen.

Situation Among the Strikers.

By Telegraph to THE SENTINEL.

DETROIT, May 18.—This afternoon has been quiet in Spring Wells. The claims of the strikers are taking definite shape. They assert that they are obliged to work from 4 a. m. to 6 p. m., twenty-six days in the month at a rate of pay ranging from $32 to $36, and that every rainy day when no work can be done a proportional sum is taken out of their wages. On the other hand some of the bosses claim that this $32 to $36 per month does not include house rent, which is thrown in gratis. The men deny that the house rent is given them and want their pay, rain or shine. The citizens of Spring Well are said to sympathize with the strikers. During the trouble this morning the son of Mr. Wolf, proprietor of one of the brick yards, was severely beaten by two strikers, for whose arrest warrants have been issued. It is stated that the men will prevent all work about the yards tomorrow. Arrangements have been made to quell any disturbance that may arise to-night. The brick makers, at a meeting this afternoon, decided to employ no more men till the trouble is settled satisfactorily, so that the main cause for a riot is removed.

THE DENVER STRIKE.

DENVER, Col., May 18.—The shopmen's strike on the Denver & Rio Grande road assumed a very serious aspect to-day. In accordance with the announcement made at a striker's meeting yesterday afternoon, at which several incendiary speeches were made, about five hundred men and forty or fifty women assembled in the vicinity of the shop this morning and general demonstrations of defiance were indulged in. One of the yardmen returning to work was set upon by a crowd and knocked down, kicked and cut about the head in the most brutal manner. Other workmen were escorted through the crowd by a posse of deputy United States marshals.

About 3 o'clock two or three hundred of the strikers formed in line and marched to town. A halt was made in front of the office of the Rocky Mountain News, which had seen fit to criticise the action of the men in striking and denounced some of the leaders. Here copies of the News were burned by the mob amid a pandemonium of jeers and yells of derision and defiance. The crowd proceeded up Sixteenth street; at Shedd's cheap store another halt was made and the same program was gone through. It seems that Shedd recently discharged a saleslady who belonged to the woman's branch of the Knights of Labor organization without asking the consent of the body. Circulars commanding the reader to "Boycott the Shedd's" cheap store and "Boycott" the News were distributed everywhere.

REST MING WORK.

CHICAGO, May 18.—The rodding mills of North Chicago Rolling Mill Company, situated at South Chicago, resumed operations to-day with a force of 1,800. The mills shut down on April 1, owing to a general demand of 25 cents per day advance in wages was not satisfied. The company claimed that it was losing money at the wages then paid. To-day the strikers went back at the old wages.

GENERAL GRANT

Dedicates His Book to the Officers and Soldiers of the Civil and Mexican War.

The Warrior Sends the Love of a Father to the Boys in True Blue.

Earl Dufferin Said to Have Written an Alarming Letter About India.

General Grant.

By Telegraph to THE SENTINEL.

NEW YORK, May 19.—General Grant did not suffer much pain last evening nor through the night, and, after the usual number of hours sleep, he awoke this morning with little or no pain. Dr. Douglas remained during the night, and when he left this morning he said he thought the general, in common with so many others lately, had contracted some cold. This, however, did not add any other difficulty than hoarseness, which was not distressing though noticeable.

THE BOOK DEDICATED.

This afternoon General Grant went out for a drive. Mr. Webster, publisher of the general's book when seen at his office to-day, stated that General Grant had to-day written the dedication for the forthcoming work. The dedication is as follows:

"To officers and soldiers engaged in the war of the rebellion, and also those engaged in war in Mexico, these volumes are dedicated. "U. S. GRANT."

GRANT TO THE BOYS.

BOSTON, Mass., May 19.—A. H. Walker, of Cincinnati, and Lieutenant Holbrook, of Dorchester, Mass., visited General Grant in New York a day or two ago, and presented an album with autographs of subscribers to the Grant memorial, to be issued for the west. Upon Lieutenant Holbrook remarking that he was going to the G. A. R. encampment at Portland in June, General Grant said with tears in his eyes: "Tell the boys in Portland that they probably never will look into my face again nor hear my voice as you do now, but they are engraved on my heart, and I love them as my children. What the good Lord has spared me for I can not tell, but it is perhaps to finish up my book which I shall leave to the boys in blue and in which they can not only save me, but follow me in the acts in which they helped me."

An Alarming Letter.

By Cable to THE SENTINEL.

LONDON, May 19.—The morning *Post* claims to have information that Earl Dufferin has written an alarming letter, describing the disastrous effect produced in India by the yielding policy of the ministry in the negotiations with Russia. The report is not generally credited.

LONDON, May 18.—Ex. Gov. Thomas Walker, of Connecticut, the new consul general of the United States at London was presented by General Merrill, his predecessor, to the Lord Mayor of London, on Friday last and assumed the duties of the Consulate to-day. General Merrill will visit the continent before returning to the United States.

Mr. Libbeus H. Mitchell, vice consul and deputy consul general at London has resigned.

The trial of Cunningham and Burton at Old Bailey was brought to a conclusion to-day. The court room was crowded with people to hear the judge's charge and to see the termination of the case.

In the house of commons this afternoon Lord Edmund Fitzmaurice, under foreign secretary, announced that the government had regretted to inform the house that the negotiations which had been carried on with Spain for a commercial treaty had terminated unsatisfactorily. "The government," the under secretary said, "could only consider the recent actions of Spain as a refusal to fulfill the fundamental conclusions of the declaration of the 21st of December, 1884, and Sir R. D. Morier, the British minister to Madrid, had therefore been instructed to inform Spain that under the circumstances the negotiations were at an end." The papers on the subject would be distributed, Lord Edmunds said, as soon as possible. The object of the negotiations now broken off was to obtain for England the most favored nation treatment.

A rupture has occured in the negotiations for a commercial treaty between England and Egypt.

In the house of commons, Mr. Gladstone, in answer to a question by Northcote, said that the negotiations with Russia, concerning the Afghan question, were still unfinished and on that account the government was unable to present any more papers on the subject.

By Telegraph to THE SENTINEL.

COLUMBUS, Ohio, May 19.—Ex-Governor Foster is out in an interview in which he denies much of what appeared in an interview with General Beatty, a prominent candidate for governor, to the effect that Foster was looking after Sherman's seat in the senate and that Foster had formed a combination with Foraker and Sherman, looking to the chances of Foraker for governor.

JOURNAL of PROCEEDINGS

Of the Common Council of the City of Fort Wayne.

SPECIAL SESSION, MAY 18, 1885.

The Common Council of the city of Fort Wayne met in the council chamber Monday evening, May 18, A. D. 1885, in special session, pursuant to the following call:

MAYOR'S OFFICE, CITY HALL, Fort Wayne, Indiana.

To Councilmen Boehrman, Ely, Kensill, Kohler, Kramer, Lincoln, Michael, Mohr, Prentiss, Racine, Schied, Storm, Thieme, Vordermark, Wesse, A. Wolf and J. Wolfe: You are hereby notified to be and appear in the council chamber of the city of Fort Wayne, on Monday, May 18, 1885, at 7:30 p. m., to then and there attend a meeting of the common council of said city, convened for the purpose of hearing and determining in reference to the resignation of the police board and such other business as may come before said council.

Witness my hand and seal, this 18th day of May, 1885.

CHARLES F. MUHLER, Mayor.

His Honor Mayor Muhler in the chair, and present the following members, viz.:

Councilmen Boehrman, Ely, Kensill, Kohler, Kramer, Lincoln, Michael, Mohr, Prentiss, Racine, Schied, Storm, Schwartz, Tressell, Vordermark, Wesse, A. Wolf, J. Wolfe—12.

Absent—Councilman Kensill—1.

COMMUNICATION OF MAYOR MUHLER.

Gentlemen of the Council:

This meeting has been called, as you are aware, for the purpose of taking action in regard to the resignation of the police board and such other business as may come before it. As you are well aware, it is charged that very improper proceedings were had in regard to the contract entered into by the police for the different articles connected with the police service. At the meeting of the council, it was suggested that the council appoint a committee to investigate the charges and to take steps to right it. I appointed Messrs. Wolf and Vordermark as members of the said committee, because they were the only members of the council who had served as police commissioners on previous occasions, and I believed it would facilitate the business in hand. I had served four years in the council with the result I had no reason to doubt their honor and integrity. In view of the charge made, I would recommend that every bid be discarded except that of the one the least shadow of doubt about the honest intention of them, and that the contract be let to the lowest responsible bidder. And for the purpose of verifying the vote, I ask every member, as his name is called, to stand up in his place and declare upon what ground he will vote. It was not at the last meeting of the council for the various offices voted for at that meeting. And it is cannot be shown that ten votes were cast for the officers declared elected. But that meeting of the council adopted a resolution at once and declare the officers elected. I feel certain that no one wants to hold an office if it can be shown that he was not honorably elected.

CHARLES F. MUHLER, Mayor.

RESOLUTION.

Whereas, It has been charged in the newspapers of the city that the members of this council, viz., A. Wolf and J. W. Vordermark, who acted as clerks at the election of officers at the last meeting of the council, incorrectly counted the ballots cast at such election, and it is also currently reported that such charges have been supported by affidavits, therefore,

Resolved, That a committee of five members of this council be appointed by the mayor to investigate such charges and report to this council on Wednesday evening next, and that said committee be empowered to send for persons and papers. J. W. STORM, Jr.

Adopted.

In compliance with the foregoing resolution His Honor Mayor Muhler appointed Councilmen Mohr, Michael, Prentiss, Storm and Wesse as said committee.

MOTIONS.

On motion of Councilman Mohr, further action relative to the matter pending was postponed to await the report of the committee, Wednesday evening, at 7:30 o'clock.

On motion of Councilman Mohr, a recess was taken until Wednesday evening, May 20, 1885, at 7:30 o'clock.

Took Her Clothes to Pay Her Lawyer.

Mr. Tilden received a fortune for his services in railroad litigation and negotiations. Henry L. Clinton is reported to have charged William H. Vanderbilt over $200,000 in the Vanderbilt will case, and to have actually received $75,000. It is a common thing for big lawyers to charge $100 per day for attendance in court. Practitioners of the rank of Joseph H. Choate, F. N. Bangs, John E. Burrill, William Fullerton, J. K. Porter, D. D. Field, Thomas G. Shearman and many others find no difficulty in collecting such fees for actual attendance in court. Big fees are common in will cases, but allowances by the courts out of the estate are now limited to $2,000 a side. Those were halcyon days for lawyers, when the Surrogate could divide the estate among the gentlemen of the bar, leaving the litigant in debt. In the Taylor will case a few years ago the lawyers got not only all the estate but actually left the widow in debt after selling her clothes.—*New York Star.*

Biliousness

Is very prevalent at this season, the symptoms being bitter taste, offensive breath, coated tongue, sick headache, drowsiness, dizziness, loss of appetite. If this condition is allowed to continue, serious consequences may follow. By promptly taking Hood's Sarsaparilla a fever may be avoided or premature death prevented. It is a positive cure for biliousness. Sold by all druggists.

It requires only ten pounds of buoyancy to keep a live person's head above water.

This is the age of steam and electricity. Space is annihilated and points thousands of miles apart are placed by the wonderful mechanism of the day almost within speaking distance. A few days ago an order was received from Havana, Cuba, from P. F. Rombo, a wholesale druggist of that city, for a lot of the celebrated Mishler's Herb Bitters, and in less than a week the goods were in his store. This will show how completely space has been overcome by the ingenuity of man and at the same time will give our readers an idea of how far the fame of the bitters has spread. For dyspepsia, indigestion, kidney and liver diseases it is without a rival.

Whenever you make a purchase always seek for the best article, even though it should cost a little more than an inferior one. You will always get satisfaction from a good article, while you meet with nothing but disappointment in buying a poor one. Especially is this true in regard to a good family medicine; and Pond's Extract is a preparation which does so much good that many attempts have been made to imitate it. Be careful then to get the genuine.

Orders for General Grant's memoirs are coming largely from the south.

The use of Iodoform or mercurials in the treatment of catarrh—whether in the form of suppositories or ointments—should be avoided, as they are both injurious and dangerous. Iodoform is easily detected by its offensive odor. The only reliable catarrh remedy on the market to-day is Ely's Cream Balm, being free from all poisonous drugs. It has cured thousands of chronic and acute cases, where all other remedies have failed. A particle is applied into each nostril; no pain; agreeable to use. Price fifty cents; of druggists.

PINKEYE.

A Remarkable Cure of a Horse.

Col. James L. Fleming, a prominent grocery merchant, a member of the firm of Fleming & Carlton, Augusta, Ga., makes the following statement of the treatment of a valuable horse with Swift's Specific:

In the fall of 1883 I had a valuable colt taken with a severe case of pinkeye, which resulted in the most fearful case of blood poisoning I have ever seen. After eight or nine months of doctoring with every remedy I could hear of I despaired of a cure. At this time the horse was unable to move, on account of swollen limbs. His right hind leg was as large as a man's body, and had on it over forty running sores. He had also a large number of sores on his body and other limbs. He was a most pitiable looking object, and I was advised to end his sufferings with a shot-gun. He was a valuable animal and I did not want to lose him. After racking my brain in search of another remedy more efficacious, I thought of Swift's Specific. I knew it was invaluable to the human family as a blood purifier, and why should it not be for the animal as well? I did not hesitate, but sent last July to Atlanta, for a supply.

I began the treatment with 6oz. of S. S. S., and 6oz. of water three times a day. This I continued for a week. Then I increased the dose to 8oz., of each and continued for a week. Then I increased it to 10oz., and run it a week, when I went back to 8oz., again. The result was that at the end of the first week the horse had a fair appetite, which he had not had since his sickness. At the end of the second week even greater improvement was apparent, for many of the sores were healing nicely, and the horse manifested a desire to move about. At the end of the third week he began to show a spirit in body, and had a full appetite. The swelling has about disappeared. I used in all about fifteen bottles of Swift's Specific, and when I quit it I use the horse had only four small sores left on him, and they healed up immediately.

In August last all symptoms of the disease passed away, and up to date no signs of the return of the trouble have made their appearance, and the horse has done a mule's work on my farm.

I regard it as one of the most remarkable cures I have ever known. Thus this great purifier has proven a boon to the animal as well as the human race.

"Possessed with Devils."

We cannot tell exactly what was the "demoniac possession" under which people of former ages so dreadfully suffered. What ever it was it could not have been worse than neuralgia in the head. Mr. J. G. Rieff, of Newark, N. J., was tormented for eight years with this, but writes that it yielded to one bottle of Brown's Iron Bitters. What's the use of suffering? It cures dyspepsia, weakness, malaria, liver and kidney complaints.

Fort Wayne Paint and Color Works,

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinder of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 33½ per cent. O. L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1856, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

The Burgess property is said to be worth $80,000.

HOOSIER BANKS.

A Review of the Indiana Banks and Their Resources.

There are twenty-five national banks in Indiana, having a combined capital amounting to $13,828,500. Their surplus fund reaches the sum of $3,725,648.88, and the undivided profits, $1,501,912.47. The circulation of these banks outstanding amounts to $9,716,230, and they hold as individual deposits $19,255,220.50. Their total liabilities amount to $48,770,929.46. The banks have out as loans and discounts, $25,759,709.13, and have deposited in the treasury to secure their circulation bonds in the sum of $8,540,300. The United States bonds held by them amount to $516,050, which is somewhat less than the usual average. Other stocks and bonds held by them are valued at $1,774,523.79, and they have due from other national banks $2,460,603.47. The real estate held by them is valued at $1,388,430.08. The following is the cash on hand: Bills of other banks, $1,071,124; fractional currency, $15,137.18; specie, $1,641,646.46; legal-tender notes, $1,948,926. Within the year there has been one failure in this state, the Richmond National bank, of Richmond, which, with a capital of $250,000, has proved claims against it amounting to $298,024.

The Council Meeting.

The official report of the council proceedings can be read on the editorial page. Mayor Muhler's address is in the right vein and speaks the sentiment of the thinking, reading people of the city. The council missed a golden opportunity to verify their work last night and stand up to the roll call to right all frauds perpetrated at the recent election. There were three vacancies on the police commission to fill, and the council had affidavits to prove fraud in at least one case. It would have been an easy matter to have settled the question last night and satisfied the tax payers of the city, who object to this grievous fraud lingering. Every charge of fraud made was by councilmen, from councilmen and through councilmen. This evening the committee of five will meet and collect testimony to present to the council Wednesday evening.

A BIG INDUSTRY.

The Summit City Soap Company Incorporated.

This morning the Summit City Soap company filed articles of incorporation wit County Recorder Heller. The document puts the capital stock at $25,000, divided into shares of $50 each, to run for twenty-five years. The first important paragraph names the following gentlemen as a board of directors to manage the affairs of the company: Brutus A. Bourie, George D. Patton, A. L. Griebel, John C. O'Rourke and Robert H. Yager. The works of the company are situated east of the city and will be greatly enlarged and improved in facilities immediately. The incorporated stockholders are Brutus A. Bourie, $4,000; John C. O'Rourke, $500; A. L. Griebel, $500; B. S. O'Connor, $500; G. D. Patton, $500; H. C. Graffe, $500; Lizzie O'Rourke, $2,660; Henry Monning, $500; D. M. Falls, $500; Diedrich Meyer, $500, and R. H. Yager, of Detroit, $1,000.

ANOTHER MURDER.

Deputy Marshal Kinkade Dies from a Fractured Skull.

The murderous assault on Night Watchman Baumgartner, at Huntington, some time ago, is familiar to THE SENTINEL readers. Now the murder of Deputy Marshal William Kinkade is to be recorded. He died yesterday from a fractured skull, which he sustained while arresting William Kreig and Henry Heitz, the day the Doria circus showed at Huntington. A warrant was at once placed in the hands of Deputy Sheriff Rosebrough for their arrest, on a charge of manslaughter, second degree, which was at once promptly served—the boys willingly and voluntarily going to that city, waving preliminaries, and giving bond, Kreig in the sum of five thousand dollars, and Heitz one thousand, for their appearance at the June term of the circuit court.

A Communication From the W. C. T. U.

The W. C. T. U. state convention begins at Berry Street M. E. church one week from this, Tuesday, evening. It is for the citizens of Fort Wayne to say how the one hundred and fifty visiting delegates are to be entertained. We entertained, and handsomely too, thirty thousand men last August, and none sacrificed more cheerfully time, money and labor than the members of our W. C. T. U., and by every one it was acknowledged that the good order that prevailed from the beginning to the close of the reunion was largely due to the efforts of the temperance women of our city. Let us not have it said that the people of Fort Wayne are inhospitable, that they closed their homes against this convention; but on the contrary let the prettiest homes be opened and the best of everything be at the command of these noble workers while they are our guests.

The High Circus License.

Adam Forepaugh telegraphed his agent, Mr. Noble, to cancel the Grand Rapids date for his show, as he would not consent to pay the exhorbitant license demanded by that city. Geo. Leonard will present a petition to the common council signed by all the newspaper and hotel men and also a large number of other business men asking that they reconsider their action and reduce the license from $250 a day to the old figure, $100. It is understood that a number of the alderman who voted for the resolution are sorry for it and desire a chance to change. Grand rapids wants the circus.

Pentecost.

To-morrow the Hebrew citizens will celebrate the first of Pentecost. Services will be held at the synagogue this evening and to-morrow morning. The day is celebrated in commemoration of the the gift of the law on the fiftieth day after their departure from Egypt and as the day on which they were to offer the first fruits of the harvest.

The Doris Circus Mortgage.

Chattel mortgages on the Doria circus property were filed with County Recorder Heller to-day. One is in favor of the Buffalo *Courier* company for $10,250 and a second in favor of James Bailey & [illegible] $15,000. The mortgagees again lease the circus to J. B. Doris. The mortgages cover every thing from the lion to the steam calliope.

The Nickel Plate Road.

The very brief report of the New York, Chicago and St. Louis Railway company for 1884 is remarkable as showing the the lowest average freight rate ever reported, namely, 0.476 cent per ton per mile for all freight. This is but little more than the average through rate of the Michigan Central for the same year (0.424 cent). This is explained by the fact that the New York, Chicago and St. Louis has little else than through freight. The expenses were 74½ per cent. of the earnings, which would make the average expenses per ton per mile 0.367 cent. If it is argued that this allows too little for freight and too much for passengers, we reply that the average passenger rate was only 1.68 cents per mile, and 75 per cent. of that, or 1.26 cents, seems a very low passenger expense. And, further, the passenger traffic is so insignificant that if we charged the whole of the working expenses to the freight it will make the average cost but 0.395 cent per ton per mile. Is this then an extraordinary cheap road to work? Not at all. The company has simply been consuming its road, and so has saved, for the time, the cost maintenance. Rails, ties, the long trestle-works and the rolling stock were all new; very little needed be done to them; but the wear of the last few years will all have to be made good and paid for eventually. Unfortunately no details of expenses are reported; they would be interesting.

A committee of laborers from the Wabash shops waited on General Master Mechanic Barnes to-day to protest against the dismissal of fourteen men here yesterday. Mr. Barnes pointed out that they were the last men employed and the first to go. This proved satisfactory.

Wm. D. Scheifer's Reward.

I will give a reward of $150 for the return of the bonds, papers and notes stolen from my house Sunday night May 17, 1885. WILLIAM D. SCHEIFER.

He Resigns.

By Telegraph to THE SENTINEL.

SAN FRANCISCO, May 18.—Private telegraphic advices received here state that Zaldivar has resigned the presidency of Salvador. General Figaros has been elected in his stead. Zaldivar is reported to have sailed for Europe.
